

# FUN & PHILOSOPHY

**T**he understanding of “evolutionary consciousness” is perhaps the most important thing lacking in spiritual practices today. Evolution means growth and development. This means that there are aspects of reality that have not yet arisen in our consciousness. But they will arise if we grow.

– Ken Wilber

The responsibility of tolerance lies in those who have the wider vision.

– George Eliot

You know how it is when you're walking up the stairs, and you get to the top, and you think there's one more step? I'm like that all the time.

– Steven Wright

Reject your sense of injury and the injury itself disappears.

– Marcus Aurelius

Where is the philosophy sleeping this Saturday afternoon? Are the philosophers already dead? Are the poets gone from the planet? I look through the window and all I see is advertisements.

– Mariana Fulger

Graphic by Linda Windler

**The State claims our well isn't fit for human consumption but that's nonsense, I fill my fish tank from it and the fish are doing just fine.**

Speak when you are angry and you will make the best speech you will ever regret.

– Ambrose Bierce

No man treats a motorcar as foolishly as he treats another human being. When the car will not go, he does not attribute its annoying behavior to sin; he does not say, “You are a wicked motorcar, and I shall not give you any more petrol until you go.” He attempts to find out what is wrong and to set it right.

– Bertrand Russell

You have to have experienced chaos in order to be able to create success.

– Arthur Tugman

Death is a stripping away of all that is not you. The secret of life is to “die before you die” – and find that there is no death.

– Eckhart Tolle

What a man really has, is what is in him. What is outside of him, should be a matter of no importance.

– Oscar Wilde

There are two infinities: the Universe and human stupidity; and I am not sure about the Universe.

– Albert Einstein

The test of a first-rate intelligence is the ability to hold two opposed ideas in the mind at the same time, and still retain the ability to function.

– F. Scott Fitzgerald

Much of what we say is never truly listened to, but words of encouragement seldom fall on deaf ears.

– Darren La Croix

What do we live for, if it is not to make life less difficult for each other?

– George Eliot

Good judgment comes from experience, and often experience comes from bad judgment.

– Rita Mae Brown

An economist is an expert who will know tomorrow why the things he predicted yesterday didn't happen today.

– Laurence J. Peter

I always wanted to be somebody, but now I realize I should have been more specific.

– Lily Tomlin
