

FUN & PHILOSOPHY

To succeed in life, you need three things: a wishbone, a backbone and a funny bone.

– *Reba McEntire*

My fake plants died because I did not pretend to water them.

– *Mitch Hedberg*

Procrastination is the art of keeping up with yesterday.

– *Don Marquis*

One of the funny things about the stock market is that every time one person buys, another sells, and both think they are astute.

– *William Feather*

Part of my act is meant to shake you up. It looks like I'm being funny, but I'm reminding you of other things. Life is tough, darling. Life is hard. And we better laugh at everything; otherwise, we're going down the tube.

– *Joan Rivers*

There is a saying that if you get something for free, you should know that you're the product. It was never more true than in the case of Facebook and Gmail and YouTube. You get free social-media services, and you get free funny cat videos. In exchange, you give up the most valuable asset you have, which is your personal data.

– *Yuval Noah Harari*

Turns out you have a really fun time if you go to work every day and focus on being silly and funny and happy!

– *Hannah Murray*

We are supposed to enjoy the good stuff now, while we can, with the people we love. Life has a funny way of teaching us that lesson over and over again.

– *Sheena Easton*

It's a funny thing that when a man hasn't anything on earth to worry about, he goes off and gets married.

– *Robert Frost*

Let us not seek the Republican answer or the Democratic answer, but the right answer. Let us not seek to fix the blame for the past. Let us accept our own responsibility for the future.

– *John F. Kennedy*

My parents came from little, so they made a choice to give a lot: buying turkeys for homeless shelters at Thanksgiving, delivering meals to people in hospices, giving spare change to those asking for it.

– *Meghan Markle*

The men and women in the Armed Forces, that's what I always think about and what I teach my kids about. We're getting ready to sit down at the table and have Thanksgiving, and there's people that are not with their families.

– *Guy Fieri*

A lot of Thanksgiving days have been ruined by not carving the turkey in the kitchen.

– *Kin Hubbard*

Leadership is not about a title or a designation. It's about impact, influence and inspiration. Impact involves getting results, influence is about spreading the passion you have for your work, and you have to inspire team-mates and customers.

– *Robin S. Sharma*

A genuine leader is not a searcher for consensus but a molder of consensus.

– *Martin Luther King, Jr.*

We, the People, recognize that we have responsibilities as well as rights; that our destinies are bound together; that a freedom which only asks what's in it for me, a freedom without a commitment to others, a freedom without love or charity or duty or patriotism, is unworthy of our founding ideals, and those who died in their defense.

– *Barack Obama*

Manhole Rehabilitation

Cementitious Spray-Applied Liner

Polyurethane Spray-Applied Liner

**Whether made of brick or concrete, manholes do not last forever—
at least not in leak-free condition.**

**Various soil and other atmospheric conditions will deteriorate
the manhole over time and once a leak springs, it only gets worse.**

Choosing the appropriate material for your rehab is vital to extending the life of the manhole. Selecting an experienced contractor that has a proven track record is another key element. Mayer Specialty Services, LLC, will gladly assist you in matching the best product for your manhole rehabilitation needs and will complete the work in a timely and cost-effective manner.
