

KRWA.net adds online directory of city/RWD contacts

KRWA has added a new "search" on the Association's Web site. You will find the link to the Directory of City/RWD contacts under the menu item "News & Information" and also presently a link on the left-hand side of the home page.

By adding your search term into one or more of the text boxes, you have instant access to a database of nearly 7500 names and addresses. There is no limit to the flexibility of searches:

- it is required to enter at least one letter in the "City or RWD name" field
- you may enter only part of a name or even a single letter into a field and get results
- you may enter data into more than one field to narrow your search
- no searches are case sensitive

For example, if you type in a last name, the search should produce it. If you want to know the mayor of Axtell, type 'Axtell' in the "City or RWD name" and type 'mayor' in the position field. If you want everyone listed who is associated with Benton, just enter "Benton" in the "City or RWD name" field. Perhaps you want chairmen of Shawnee County RWDs. If so, enter "chairman" and "Shawnee". Perhaps you want the clerk in Altamont? You only need to enter "Al" in the system field and "cl" in the position field. With only 'al' in the system name, the listing of all clerks with the "al" letter combination in the system field are displayed.

Although KRWA databases are updated daily, typos may preclude

correct information, or personnel in systems may change of which KRWA is not immediately notified. In addition, some of the "position" titles for some people in systems may not be exactly correct, ie., some managers are not operators and some operators are not managers. However, systems can easily check who KRWA has as contacts (which were provided on the respective membership form) – and systems can help provide notice of changes that need to be made due to changes of employment, resignations, new board/council members, new staff, etc. To keep this data as current as possible, there is a link to a form where readers can submit corrected information. These submissions are reviewed and will

be updated within a few business days. KRWA appreciates any notice of any change or update that anyone can provide.

This directory includes all member RWDs and cities, and those certified operators KRWA has on file from non-member systems. Associate Members, state and federal legislators, state agencies, county extension offices, sanitarians, county commissions, etc. are not included in the database. Associates members can be found under the membership link complete with e-mail address and their home pages.

Readers are also invited to make suggestions or get more information by e-mailing krwa@krwa.net.

The screenshot shows a web browser window displaying the KRWA Directory of City/RWD Contacts page. The page has a search form with the following fields: City or RWD Name (containing 'lyons'), Position, Last Name, City, and Zip Code. A 'Submit Query' button is located below the form. To the right of the form is a 'See an error in our data?' section with a link to report errors. Below the form is a table of contacts:

City of Lyons	City Clerk	John Sweet	217 E. Ave. South Lyons, KS 67554	620/257-3741
